Medical Provider Network Project Access Goal

Ensure that the percent of injured workers within 15 miles of at least 5 attending provider types is within 5% of the January 2012 (pre-network) baseline for their county of residence.

- Over 20,000 approved providers!
- Access Goal met at launch - 98% of baseline statewide in approved or applied status
- Applications in applied status at go live processed
- Stable at 98% statewide and stable by county

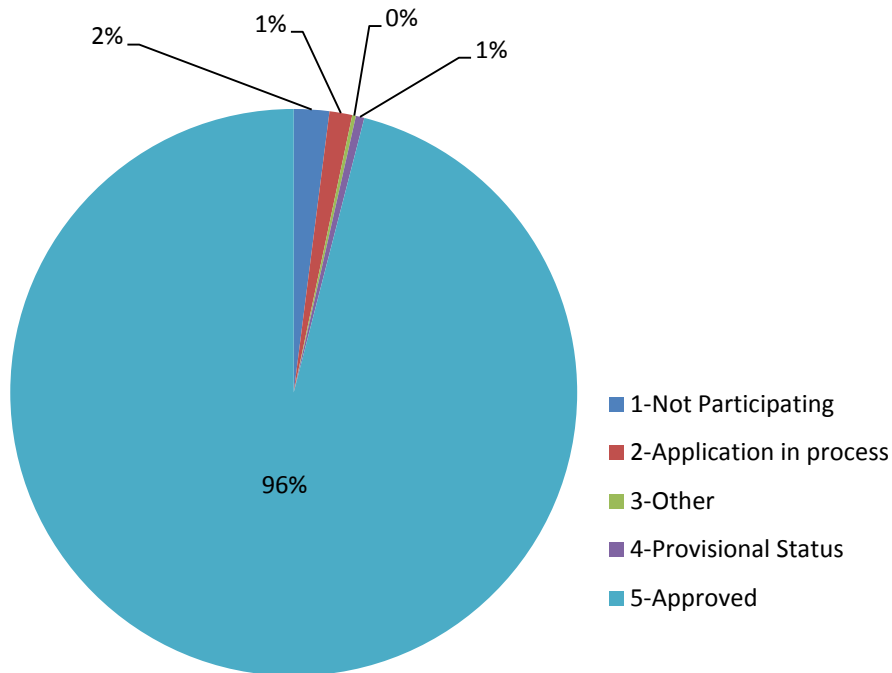

Ongoing Provider Outreach and Analysis

- Monitor network enrollment data
 - Statewide
 - Provider type/specialty
 - County
- Monitor percent of claims with network providers
- Surveys of injured workers
- Surveys of providers
- Notification of providers leaving or clinics closing
- Participation in state and local provider association conferences
- Individual recruitment and billing assistance

Provider Access

Charter: The Advisory Committee is the primary venue for business, labor, and provider representatives to advise the Department on quality improvement initiatives, research and evaluation, and incentives related to health care delivery for injured workers.

- MPN Implementation was a major health care improvement initiative. L&I is moving MPN into operational phase.
- What are there ongoing policy level MPN issues that could benefit from ACHIEV guidance?
 - Report out on impact (awaiting actuarial data)
 - Future Provider types
 - Proposals to Adjust Review Criteria or process in WAC
 - Re-credentialing
